### LAMPS

$\varnothing 16\text{mm}$  T16/T5 high output fluorescent lamps

24 Watt  
39 Watt  
54 Watt  
80 Watt

$\varnothing 16\text{mm}$  T5 high efficiency lamps

8 Watt  
14 Watt  
21 Watt  
28 Watt  
35 Watt

### INTEGRAL

Version required depends on application.

/Integral25

Applications: 25mm deep ballast casing for 700/1000/1300mm B-Line fittings fixed to vertical face or ceiling.

/Integral35

Applications: 35mm deep ballast casing for bookshelf or horizontally mounted and single 1600mm 80 watt and all multiples.

### OPTIONS

/dim1	analogue 1-10v dimmable electronic ballast
/dim2	digital/DALI dimmable electronic ballast
/e	fixing to allow non standard length stems
/f1/e	$\varnothing 40\text{mm}$ surface/wall fixing for stems
/integral25	integral ballast and box d: 25mm w: 50mm (also see above)
/integral35	integral ballast and box d: 35mm w: 50mm (also see above)
/louvre	anti-glare transverse louvre
/mirror	mirror light with integral box
/multiple	x2 x3 x4 ..... in continuous run
/support stem	16mm - 200mm (standard: 200mm)
/unit length	shade/s cut to special lengths
/w1	$\varnothing 22\text{mm}$ washer fixing
/w2	$\varnothing 40\text{mm}$ washer fixing

For details of fixings refer to Fixing specification sheet

### FINISHES

Standard Coated: matt silver, white  
Standard Plated: satin stainless steel effect, polished chrome  
Special finishes on request

See finishes sheet for details
