Halogen side reflector - Flood beam
10W, 20W

Flood beam
35° - 60°

Stephen Webster Selfridges, London/Giddings Design

twig/tall/hgn/black coated

SHOW/TWIG/HGN Design: Dennis Ing, 2006

Smallest and slimmest spotlight ever. Tilt and swivel adjustment. Recommended for display showcases and other protected access applications. Requires transformer.

LAMPS

12V 10W osram ministar halogen with side reflector, flood beam
12V 20W osram ministar halogen with side reflector, flood beam

OPTIONS

/display/hgn	284mm Ø12.5mm length
/tall/hgn	overall Ø12.5mm lengths: 284mm & 438mm
/wall/hgn	standard length: 58mm
/wall/adj/hgn	tilt and swivel adjustment
/w1	Ø22mm washer fixing
/f1	Ø40mm surface fixing
/e3	fixing for non-standard height stems

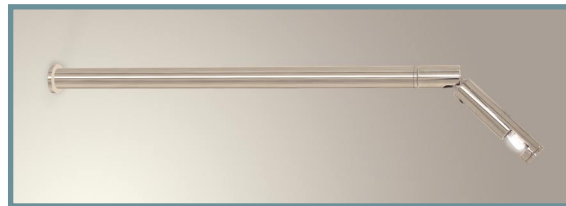

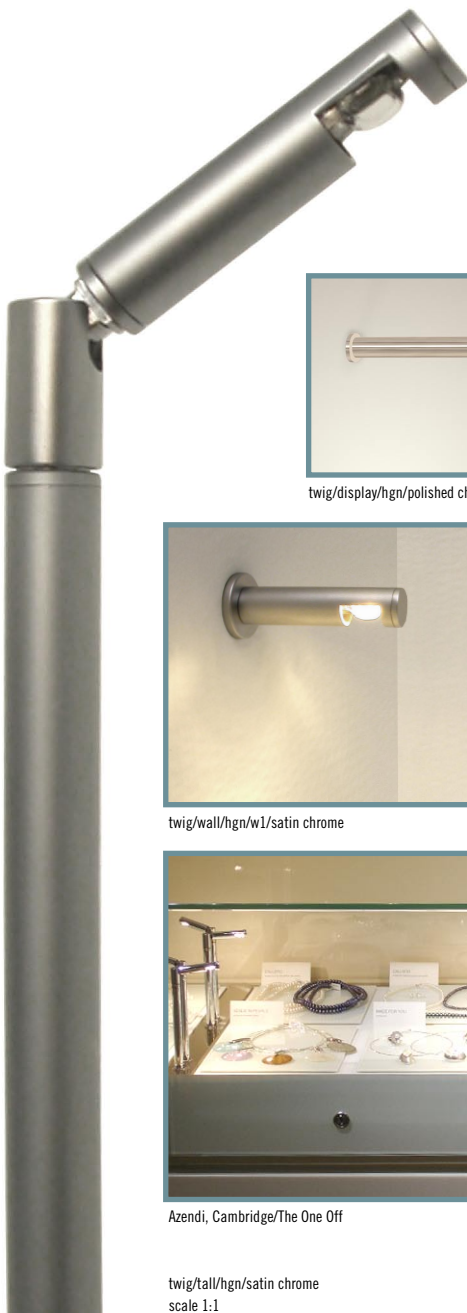

FINISHES

standard coated: white, silver
standard plated: polished chrome, satin chrome
other finishes available on request

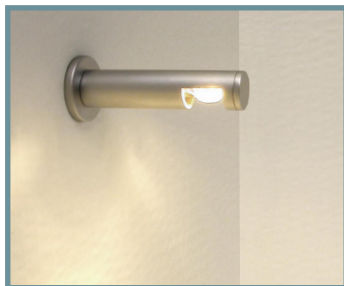

IMPORTANT NOTE

Most halogen spotlights including twig are not suitable as desk or other open access and proximate situations because of high surface operating temperatures.

See Twig/LED for alternative with lower operating temperature.
