Show/Twig/LED/Display

## SHOW/TWIG/LED

Design: Dennis Ing, 2008  
Manufacture: Aktiva, London.

Show/Twig/LED is a discreet superslim light suitable for a wide range of proximate display and task applications. Particularly effective in display case lighting as energy-saving and lower heat alternative to halogen spotlighting. Desk version offered with touch switch options.

### LED

3.5 Watt LED with 110° angled illumination. White/3500°K colour temperature as standard. Cool White option. Available with the following drivers:

### DRIVERS

Aktiva will only warranty its LED fittings where recommended drivers are used. For further information and wiring/installation details contact Aktiva.
